THE EDITOR'S CHAIR.

HOW THINGS LOOK FROM OUR STAND POINT.

The Opinion of The Causasian and the Opinion of others which we Can Endorse on the Various Topics of the Day.

If a canning factory will not pay in the center of a great trucking section, where will it pay? Clinton must have such an enterprise. Let every public spirited citizen come up and subscribe for one or more shares.

Grover Cleveland's striking individuality is emphasized by his very act. He leaves the Executive Mansion at Washington and the next morning finds him at his desk in his law office in New York at work. It is such a man that the Democratic party needs to lead its increasing majority to victory in 1892.

Our schools have always needed a Primary History of North Carolina, and we are pleased to learn that Mrs. Cornelia P. Spencer, of Chapel Hill, has just published a book entitled, "First Steps in North Carolina," which promises to supply the long felt want. Moore's History is not written in a style to interest childrer. We will tell our Sampson teachers what we think of Mrs. Spencer's book as soon as we can examine a copy.

Canada is considering a bill in her Parliament to allow the United States to capture and bring back to justice all the absconding bank cashiers and presidents and all criminals who have fled from the scenes of their misdeeds across the St. Lawrence. The criminals and defaulters are raising a corruption fund to prevent the passage of the bill. Canada would honor herself and do us justice by the passage of such a bill.

A few weeks since THE CAUCASIAN condemned public hanging in plain terms. We are pleased to see such a wise and able editor as Brother Kingsbury, of the Wilmington *Star* take the same position. He says:

Down with public hangings. It is a relic of barbarism. Public sentiment ought to be strong enough to suppress them in North Carolina. They only feed the vicious appetite of depraved beings. There ought to be a positive law against all such unseemly displays.

Throughout Eastern Carolina there comes the report that the farmers are preparing more domestic fertilizer than for the past dozen years. This is a good sign. It betokens a permanent improvement of the farming lands of our whole section of the State.—Wil. Messenger.

We have insisted that our farmers should buy less chemical fertilizers and pay more attention to making their own, and we are glad to see that in other sections this wise course is being followed. Read our article on "Fertilizers" in Farmers' column this week.

We are glad that the House refused to concur with the Senate to sell the Governor's Mansion. An appropriation of only $3,000 was needed to finish it, but neither branch was willing to grant even this small pittance after the building is nearly finished. Though a bill was at last passed allowing certain state property around Raleigh to be sold for that purpose. We have no patience with that class of politicians who, blind to state pride, believe in economy to parsimoniousness for policy's sake. It may have been a mistake to commence such a costly structure, but now since it has been nearly finished it should be completed. We do not think a governor is any better than a private citizen, but we have a great deal of state pride for the dignity and exalted position which he holds, the highest within the gift of a great commonwealth.

Republicans, 39; Democrats, 37.

IN THE HOUSE

There are 325 members; too many for us to give their names. But 164 of them will be Republicans and 161 will be Democrats.

However, next fall there will probably be five members more from the prospective new States of North Dakota, South Dakota, Washington and Montana. We fear that all of these five will be Republicans.

NAPOLEON WITH A PIGTAIL.

Sing You Explains Some Mysteries of Banking.

The flight of Sing You, the late esteemed cashier of See Son & Co., Chinese bankers in Chicago, with $15,000 belonging to depositors, excited all Chinadom. The news that Sing You had appeared in the boodlers' colony in Montreal excited Chinadom more. The receipt of the following letter yesterday by a brother Celestial in Mott street, this city, gave Chinadom a positive thrill:

MONTLEAL, FEBBEILALY, TWO TLEE.

To Wun Lung, Mott street, New Yorkee, from Sing You:

Whoopee! Me; allee samee Melican man, gettee on tlain, come Caneda, cop no catchee, cash, gettee dlunk, singee song, laise hellee, allee, allee samee boodlees, allee same. Eno, allee Mandeldaum, allee samee Plado (Peck-a-Boo synopsee, plagee 3), no comee back allee samee Henly Ives, heap foolee.

THE ENCAMPMENT A CERTAINTY.

The Wilmington *Star* has the following to say concerning it:

"At the meeting last night the committee reported that nearly money enough to purchase the site had already been subscribed by the Atlantic Coast Line, the Cape Fear & Yadkin Valley, the Carolina Central and the Ocean View Railroads, and the Wilmington Street Railway Company; that the citizens of Wilmington would no doubt subscribe enough to put the grounds in proper style, the whole amount needed being about forty-five hundred dollars."

A DISGUSTING PRACTICE.

The practice of the American people in daily flocking to the White House at Washington, to gaze, stare at and shake hands with the President, is one of the most abomniable and disgusting exhibition of snobbishness that any people could be guilty of. It is becoming intolerable, and the President will soon have to exclude himself entirely from the public, or cease to transact any business whatever.—*Wil. Messenger.*

SIXTY AND ONE DAYS.

THE GENERAL ASSEMBLY ADJOURNED MONDAY.

SOME OF THE MEASURES THAT CAME BEFORE THAT BODY.

The General Assembly convened on January 9th, so the required sixty days expired last Saturday, March 9th, but the body held over till Monday to finish up the business on hand. We haven't a copy of the proceedings of the two houses but will give you from memory some of the most important bills that were considered, stating how they were disposed of.

BILLS THAT PASSED.

State Guard bill; Revenue bill; Penitentiary Self-Sustaining bill; School Law amended (Normals all abolished and county Institutes provided for); Confederate Pension bill (which provides for a tax of six cents on the one hundred dollars and nine cents on the poll); The Election Law amended (making the appointing of Judges of Election from opposite party optional, also provides for a railing around ballot boxes and that no advice be given to voters save by Judges and then only at voter's request); Burgaw and Onslow railroad charter granted; a bill allowing the Governor to appropriate certain State property around Raleigh to the completing of Governor's mansion; a bill to incorporate the State Farmers' Alliance; a bill regarding the Defective Probating of Wills.

A resolution to Congress praying a prevention of the adulteration of Spirits of Turpentine unless so branded.

Also the following local bills passed: To amend the charter of Clinton Cemetery; to incorporate the village of Ingold; to divide Clinton township; to repeal the Prohibition Act for Newton Grove; to change the township line between Franklin and Lisbon; the Huckleberry bill.

BILLS THAT FAILED TO PASS THE HOUSE.

Some of the important bills that failed to pass are as follows:

To sell the Governor's Mansion for not less than $35,000; to appropriate $3,900 for the completion of the Governor's Mansion; to make it a misdemeanor to entice laborers to leave their employers; to establish a training school for whites; to remove the political disabilities of Ex-Governor Holden.

BILLS THAT FAILED TO PASS THE SENATE.

The following are some of the important bills that failed to pass:

The Railroad Commission bill; a bill to make the Commissioner of Labor Statistics a Supervisor to a certain extent over the management of railroads; to make 6 per cent the legal rate of interest.

WE ARE SORRY THAT IT IS TRUE OF OTHER PLACES.

Did you ever think about how many other people here never do anything? Get up any morning and you will see a forty-foot row of niggers backed up against some wall a sunning. They won't work for you for pay. And they have lots of white cousins. The number of able-bodied men and boys in this town who do nothing, or next to nothing, for a living day after day is legion. How can a town prosper when half of its population are dead beats and loafers? The workers are kept scratching to keep up the non-workers. And if this crowd of lazy male huzzies don't get to work, I'll single them out.—Flaw Picker in Shelby New Era.

The President has appointed Mr. Thomas M. Vance Receiver of Public Moneys at North Yakima, Washington Territory, and the Senate has confirmed the appointment. We regret to see the talented young men like Mr. Vance leave the State.—State Chronicle.

TRUCKERS' CONVENTION.

What Some of our Exchanges Say of the Trucker's Association which Meets Here on the 4th and 5th of April.

The Truckers' Association of Clinton, Sampson county, N. C., is making an effort to procure the organization of a State Truckers' Association, and it is to be hoped that the movement will be successful. Such an association would be of great advantage to the vegetable and fruit growers of the State. The circular letter before us, concerning the movement, says: "The advantages to be derived from such an organization, with a central bureau of correspondence, are threefold: 1st. We could be informed as to the liability of consignees to whom shipments were made. 2nd. We could advantageously diversify the trucking crops by knowing what other sections were planting, and also be informed as to the prospective market for the various crops. 3d. We could ship so as to realize a better profit by knowing to what points on a certain day other places were shipping. Through the want of such information and a system of co-operation, fully one-half of the trucking crop is lost or sacrificed each year." The proposition is that the truckers of the different localities of the State hold meetings and establish local organizations, that will send delegates to a meeting which is proposed to be held at Clinton on the 6th day of April next, with a view to establishing a State Association.—*Progressive Farmer.*

On January 31st the truckers of Clinton organized a Truckers' Association. The purpose of this organization is to look after the general interests of the truckers. It recommends that the truckers of other sections organize sub-associations for the purpose of organizing a State Truckers' Association. The committee, Messrs. W. L. Faison, W. B. Stewart and Marion Butler, designate Clinton as the place, and April 6th and 7th is the time for the meeting of those who are interested in this matter. All communications should be addressed to W. L. Faison, Corresponding Secretary, Clinton, N. C.—*Harnett Courier.*

HOW TO EXTINGUISH FIRE.

An intelligent physician said to me a few days ago. "I think I can give you a good item," and I replied that I was always on the lookout for useful information. He then said that he had studied the subject very carefully, and was convinced that it would be well for every house to keep its own fire extinguisher, and it could be easily done. It would certainly be invaluable to persons living in the country, and far removed even from neighbors. The doctor then told me that—he would give me exact receipt of the solution now used in the fire extiguishers now being offered for sale.

Take 20 pounds of common salt and 10 pounds of sal ammoniac (muriate of ammonia, to be had of any druggist,) and dissolve in seven gallons of water. When dissolved it can be bottled and kept in each room in the house, to be used in an emergency. In case of a fire occuring, one or two bottles should be immediately thrown with force into the burning place so as to break them, and the fire will certainly be extinguished. This is an exceedingly simple process, and certainly worth a trial. We give it, hoping it may prove successful to any who may take the trouble to try it.—Atlanta Constitution.

We have published the above once before, but destructive fires are so common and often occur at farm houses when there are few people about, that we give it again.—ED.

FOOT BALL.

Foot-ball is the college game of the day. Last week the first of the series of the Association games between the University and Wake Forest and Trinity, was played in Raleigh, which resulted in a complete victory for the University. On Friday the game between the University and Trinity came off at the same place and resulted in a victory for the Trinity. Bragaw, Captain of the University team, had his leg broken in two places in the latter game.

The looking-glass is the only truth-teller that is universally popular. But this is because we interpret its reflections to suit ourselves, and not literally.

SIZED UP!

HOW HARRISON'S CABINET LOOKS TO OUR WASHINGTON CORRESPONDENT.

Excepting Noble, Their Record is a Little Tainted.

EXCEPTING BLAINE AND WINDOM, THEIR ABILITY IS OF A LOW ORDER.

WASHINGTON, D. C., March 11th, 1889.

The new administration is slowly getting down to work. The inaugural address was fairly well received here. It excited no enthusiasm among the Republicans and little criticism from the Democrats. He was careful to make no promises, contenting himself with general statements.

The Cabinet is a queer sort of a combination when you take the trouble to go over it individually, carefully noting the personal characteristics of its members. Like this for instance.

"Iago Jim," otherwise known as James G. Blaine, Secretary of State. This is the man who deliberately wrecked the Garfield administration in order to pay off an old personal score, and who was himself wrecked in 1884. If he does not have the new President in a hard place very soon the new President will prove himself to be the possessor of much more strength than he is generally credited with having.

"Dorsey's Billy," alias Wm. Windom, Secretary of the Treasury. This is the man who stood by Blaine in the Garfield wreck. Having been repudiated by the Republicans of Minnesota, he went to New York and became a sort of stool-pigeon for Steve Dorsey, of Star Route notoriety, in the floating of speculative, or, as some people call them, "wild cat" schemes. A few years ago Mr. Windom had the Presidential bee buzzing in his hat at a terrific rate, and it would not be surprising if he should follow the example of John Sherman, who, when he was Secretary of Treasury, turned the department into a political machine to boom himself for the Presidency. Whether this would interfere with the future plans of Harrison or Blaine, I cannot say.

"Old Monopoly," alias Redfield Proctor, Secretary of War, is a man that few people outside of Vermont ever heard of before the last few weeks. He controls all the marble quarries in Vermont and has thereby become rich, but nobody yet has been able to discover any good reason why he should have been made a Cabinet officer.

"Coon Benny," alias Benjamin F. Tracy, Secretary of the Navy, is a man of somewhat unsavory record. He was colonel of a negro regiment for awhile during the war, and was afterwards in command of the military prison at Elmira, N. Y., where 10,000 Confederates were confined. He gained more notoriety as one of Beecher's lawyers in the great Beecher-Tilton scandal. He has been a chronic candidate for office in Brooklyn, but has always failed of election, even when he succeeded in getting the nomination. He knows nothing about the Navy and why he should have been selected is a question that is puzzling everybody, New York Republicans included.

John W. Noble, of Missouri, is the Secretary of the Interior. He is well known in St. Louis, where he has practiced law, but nobody in this section ever heard of him until he was mentioned a few weeks ago for his present position.

"Me too," alias W. H. H. Miller, of Indiana, is Attorney General. The only reason for his being in the Cabinet is that he is Harrison's law partner.

"Cheap John," alias John Wanamaker, of Pennsylvania, is the Postmaster General. Of course, everybody knows why he is in the cabinet. He bought the place just as he would any "job lot" of goods in which he thought there was a profit. The price he paid—$100,000—was a big one, and it is to be hoped that he does not expect to realize a profit on the transaction.

"Fighting Jerry," alias John Rusk, of Wisconsin, is the selection for the new Agricultural department. His first prominence was obtained by the proclamation ordering out the militia during the anarchists excitement in his state. That is how Gov. Rusk got his title of "Fighting Jerry." He will have no anarchists to deal with in his new position, however, and no troops at his disposal.

Now, there is the whole lot. What do you think of them?

The office seekers have jumped on Harrison with both feet, notwithstanding his pathetic appeal to them in his Inangural address to give him a little breathing time. The White House fairly swarms with them from the time it is opened in the morning, until it is closed at night, and they are here to stay until their money gives out, or they get an appointment. The new Cabinet officers are all going through the same experience.

WHAT OTHER PAPERS ARE SAYING

To Have Street Cars.

The Fayetteville Street Railway will soon be numbered among the institutions of the town. Men who mean business and have the backing are at the helm.—Fayetteville Observer.

The Superior Body.

After having pretty carefully watched the Senate and House all the session, your correspondent is inclined to regard the latter as the superior body in point of ability and in an oratorical way also.—Raleigh cor. Wil. Messenger.

An Orderly Town.

The police report for the month of February shows beyond doubt that Fayetteville has the most law abiding population in the State, the arrests numbering only 6; 3 of which were for loud swearing on the streets, 1 for larceny and 2 for running horses through the town.—Fayetteville Observer.

Edgecombe Has the Blackest.

Davie county can boast of the longest man in the Legislature, Currituck the shortest, Rutherford the largest, Caswell the ugliest, Bladen the most handsome, and Edgecombe, that grand old county, the blackest. What a pity that any of our counties have to be represented by a negro. If republicans must legislate let us have white men.—Kernersville News.

Coming South.

Maryland capitalists have recently bought considerable land in Pasquotank county, N. C., for milling and lumber purposes, located on the Pasquotank river. The principal and heaviest manufacturers of lumber in this section have completed the formation of an immense jobbing company to dispose of the surplus output of the mills, with W. W. Tunis, of Baltimore, president. A charter will be obtained this week; the capital stock of the company to be increased to $500,000 if necessary.—North State.

The University.

The trustees of the State University held a meeting in Raleigh last week and appropriated $450 to get out the centennial catalogue. The trustees accepted Dr. Paul Barringer's proposition to remove his medical school from Davidson College to Chapel Hill. The question of Saturday recitations was postponed until the next meeting (in June at Chapel Hill). A committee was appointed to sell the Smith land, in Chatham county, 1,400 acres, and invest the proceeds in mortgage bonds or public securities.—State Chronicle.

Unjust Discrimination.

It is claimed that the Atlantic & N. C. Railroad is not treated justly by other roads. Mr. Doughton, of Alleghany, has therefore introduced the following bill to prevent discriminations in freights in the future. The bill completely covers the ground and has the endorsement of the Governor and the President of the A. & N. C. Railroad. The following is the bill and the Chronicle hopes that it will pass without a dissenting voice:

Sec. 1. That it shall be unlawful for any railroad in North Carolina to discriminate against the freight received from the Atlantic and North Carolina Railroad and to make rates by which, either directly or indirectly, by rebates or otherwise, freights may be delivered at less rate when received from other roads than from points along the Atlantic and North Carolina Railroad in proportion to distance hauled.

Sec. 2. That any violation of this act be deemed a misdemeanor and shall be punishable by a fine of not less than $100 for each and every violation thereof.

Sec. 3. That all laws and clauses of laws in conflict with this act are hereby repealed.—State Chronicle.

OUR FARMERS' COLUMN.

SOMETHING INTERESTING TO THOSE WHO TILL THE SOIL.

☞ So many agricultural papers are published and articles written by men, who have little or no practical experience as farmers, that information and suggestions through such mediums have fallen into disrepute, and does but little good. In view of this fact, we wish to get the views and tested plans of practical farmers for this column each week. So farmers, send in an account of your success in any branch of Agriculture, for the benefit of the fraternity. ☜

Fertilizers.

The time is fast approaching when the seed, to produce this year's crop, must be sown or planted. But something else must be done first, the land must be [illegible]red, for nearly every acre [illegible]nriched to secure [illegible] harvest time. [illegible] paramount questions with the farming world are, "What shall I manure with?" Shall I buy guano?" "What brand?" "Can I afford to pay the increase in price?" Now these questions should have been asked sooner. When? Why, last summer, last fall, last winter; in fact every month since last year's crop was started. Yes, if each farmer had asked himself these questions all along during the year, and had answered them by proper management on his own part, it would not now be necessary for him to be concerned about such matters, for his barn yard or compost heap would contain all the fertilizer needed for his farm. But says Mr. A. "I have used guano and it paid me. I made 500 pounds of lint cotton per acre where I would have made only 300, if I had not used it." Now that may be all so, but if it pays to purchase guano at from $20 to $50 per ton, besides paying freight on it, and hauling it from the depot, how much better would it be for us if we could manufacture our own fertilizer at home at one-fourth the cost, by simply saving and using to an advantage what is wasting around us. It is generally conceded that the original pure Peruvian guano was the best and cheapest (even at from $50 to $90 a ton) of all fertilizers. Now Peruvian guano is simply rotted bird manure, and it must have lost some of its strength by being exposed to the air and sun. Then every farm has on it a small factory, in the shape of a chicken coop, producing the equal of the very best fertilizer known. Let every farmer see that his flock of fowls is kept up, that a fresh layer of loose earth is put in the coop every few weeks and that one ounce of the manure is not wasted.

SUMMER STOCK [illegible] Prime condition of [illegible] Intermediate Branch [illegible] quality of the

Another thing is the hog manure, which is certainly a splendid fertilizer. It may not be as good as Peruvian guano, but surely is half as good; and there is no manure that is more recklessly and foolishly wasted by the average farmer than this. Nine out of every ten farmers work hard all the summer making a few "nubbins," which the remainder of the year they tote off little by little in a basket out into the woods on a hill-side or by a branch to their razor-backs and root-skinners. At this feeding place you will find probably a square rail pen, covered with boards half way, with a handful of straw to one side, while the remainder of the surface in around the pen is simply the hard, naked, rooty ground. You can see scattered about the cobs of a large part of a season's crop, while the manure dropped has already been washed into the Atlantic ocean; and yet these farmers can't see why they are getting poorer each day. With the proper management, these hogs would have produced several tons of as fine home-made manure as was ever spread on land. But Mr. Soloman, already mortgaged up to his ears, thinks it easier to buy high priced guanos than to save this.

Again there is the ordinary lot manure, which might be equal, load for load, to the horse stable manure, yet ordinarily is worth only about one-fifth as much. Pass along through any portion of the county during the winter season and you will find, in a majority of cases, that the cows are standing shivering in an open lot, while the rain is leaching, soaking and draining off all the strength from the manure under their feet. The exposure to the winter's weather of both cows and manure, not only causes the former to require more feed, but at the same time deprives the latter of nearly all its valuable properties as a fertilizer—in fact leaves its worth but little more than common dirt. Give to each cow a stable and keep it well supplied with wood's mould and straw and you will be astonished at the

Another item apparently small though very important, and one almost entirely over-looked, is the night-soils—both liquid and solid—and the washing suds. A vat or heap raised around the edge, should be prepared where the chamber-maid and washer-woman should be rigidly required to place those items, on which a fresh layer of earth should be placed often. In this way a most excellent and valuable heap of fertilizer can be formed.

Above we have simply pointed out how manures might be saved at little expense. Though after pursuing this course, we will still not have enough manure for the prospective crop. Then it is advisable to use in addition some valuable ingredients, though much cheaper than guano and about these we will have something to say in this column next week. In the mean time we would be glad to hear from any farmer on this subject. In fact it is designed for a discussion or a statement of successful plans by farmers, but when we don't receive anything for publication, we will write something ourselves.—EDITOR.

TOO GOOD TO KEEP.

The Danbury Reporter says that the bill amending the charter of Winston passed both branches of the Legislature and was a law before Senator Edgar Lineback knew anything about it. Shortly after its passage Mr. Lineback met a prominent citizen of Winston and said to him, "I don't think you Winston people have treated me right. You have passed this measure without even consulting me as your representative." "Consulting you, the devil," said the Winstonian, "you represent nobody but a set of d—d negroes and the most of them are in South Carolina. The people of Winston," he continued, "have no representative and they come down here to look after their own business."—*Winston Sentinel.*

The quill pen with which the President signed the bill admitting the States of North and South Dakota, Montana and Washington was from the wing of an eagle shot in Northern Dakota and sent to Mr. Cleveland, asking that it be used for the first time in signing the bill adding four new States to the Union.—Wilmington Messenger

The annexation of Canada would prove a sad blow to at least one American industry. How could the Guaranty Companies keep up their premiums for insuring honesty, when the waters of the St. Lawrence did no longer wash the embezzler as white as snow?

The only native Scotchman in the present General Assembly is Arch'd D. McGill, of Cumberland. He served four years in the Confederate Army, and stacked his musket at Appomattox.—[Scottich Chief.

YOUR SUBSCRIPTION.

So far we have not said money to our subscribers through the columns of the paper. In fact it has not been necessary, for the great majority have shown their appreciation for what THE CAUCASIAN is, and for what we are trying to make it, by paying up promptly and renewing their subscriptions; and we feel sure that with those who are still behind that is more on account of carelessness than want of appreciation. But as you all know we have just incurred a considerable expense in buying a new power-press and fitting our office up in first-class style, and therefore need every cent that is due us. We mean just what we say, otherwise we would not write this, for there is nothing more unpleasant to us than to ask for money, even though already earned and due us. Please call in my office or remit by mail as soon as possible, and greatly oblige. MARION BUTLER.

Ex-President Cleveland is to be honored with a banquet from the New York business men.

THE CAUCASIAN regrets to hear that D. H. McLean, Esq., of Harnett county was stricken down with paralysis while on his way from Dunn to Lillington on Tuesday of last week.

The Pennsylvania militia went to Harrison's inauguration, got on a wholesale drunk and tried to paint the town red. They had to be dispersed at the point of the bayonet. An orderly set of Republicans, are they not?

The tax on $100 worth of property for pensions is 3 cents instead of 6 cents as stated on the first page, and 9 cents on the poll. The state tax of 30 cents has been increased to 30 cents on account of the loss of the drummer's tax.

Harrison has appointed three of the Foreign Ministers, as follows: Thos. W. Palmer, of Michigan, to be Minister to Spain. John B. Swift, of California, to be Minister to Japan. John T. Washburn of Massachusetts, to be Minister Resident and Consul-General to Switzerland.

Governor Fowle on yesterday visited the site of the permanent encampment of the State Guard at Wrightsville and received the deed for the same, which was presented by Major Stedman. Every preparation is being made to make the stay of our soldier boys next summer a pleasant one.

We welcome the return of the Goldsboro Messenger. Bro. Bonitz is displaying a wonderful amount of energy and enterprise in the newspaper business. His last move is to publish a double edition of the Messenger at Goldsboro and Wilmington on the same day. A paper with so much vim and get up behind it must enthuse all those who read it to renewed efforts in their own vocations. And the people around Goldsboro should show their appreciation of a paper that has done so much to make the town what it is.

A FAMOUS INVENTOR DEAD.

Capt. John Ericson, the famous engineer who designed the iron-clad antagonist of the Merrimac, the Monitor, iton, is dead. He died in New York on the 8th inst., after an illness of about a week. This great inventor was born in the Province of Wernland, Sweden, on the 31st of July, 1802, and was, at his death, nearly eighty-seven years of age.

A Painful Accident.

While playing with some boys near the "Big Ditch" late Thursday afternoon, the little 7-year-old son of Police Officer Head fell and broke his left arm. It was a painful accident, causing the little fellow intense suffering. Dr. J. D. Spicer was called, who set the broken limb, and the little sufferer is now doing as well as could be expected.—Goldsboro Argus.

STATE TRUCKERS' ASSOCIATION.

To Meet in Clinton Thursday and Friday, April 4th and 5th.

TO THE TRUCKERS OF NORTH CAROLINA—GREETING:

Every point from which we have heard save one exception favor Clinton as the place of meeting. Therefore we take pleasure in announcing that the State Truckers' Association will meet at this place on the 4th and 5th of April, (Thursday and Friday) 1889. Those elected as delegates from the various associations, and others who are interested in trucking and desire to attend, will please notify the undersigned as soon as possible so that we may provide for the accommodation of all while attending the convention in our town. The Atlantic Coast Line has agreed to pass all parties attending the convention at half rates and we hope to secure the same terms from the other lines.

Assuring you that we will do all in our power to make your stay pleasant, and hoping that the convention will result in much good to the Trucking interest, I am

Very Respectfully,

AN OLD NEWSPAPER.

Mr. Charlie Williams of Taylor's Bridge has handed us a copy of the North Carolina Standard published in Raleigh in 1836 and directed to William Faison of this county. Philo White was editor and state printer. The paper contains the full text of the "Treaty of Peace, Friendship and Navigation between the United States of America and the Republic of Venezuela" by proclamation of Andrew Jackson who was then President. What strikes us most forcibly about the publication of this proclamation is it was dated Jan 20th '36, while the copy of the Standard which contains it is dated July 28th, five months afterwards. Now, the daily papers all over the country of the next day would contain such information. There are also several other pieces of news dated a month or two before the paper. Mr. L. A. Bethune tells us that his grandfather, who was in Congress about that time rode to Washington on horseback, taking near a week to make the trip. What a wonderful change has come over this country in the shape of rapid transit since then! The times may change but principles never. The Democratic party stood on precisely the same platform then as it does now, as will be seen from the following quotation from Andrew Jackson at a fourth of July celebration of the same year:—

THE CONSTITUTION OF THE UNITED STATES—What it does not authorize, is forbidden to those who act under it. A constitutional right to apply, and a necessity for such application, are the true sources and limits of the power to tax. When the taxes produce more money than can be rightfully applied, the appropriate remedy is reduction or repeal. To continue a tax without necessity, and for the sake of distribution, is to subvert the principles of the constitution, and must end in destroying the liberties of the people.

The above is good campaign material for today. At this time the Van Buren and Harrison presidential campaign was in full blast and the paper has much to say about the political situation. There is also an account of the hostilities between Santa Anna and Sam Houston at the Texas frontiers which led to the Mexican War of 1846. There are also several accounts of the massacres of whites by Indians. The paper also contains a list of the young men who had just secured law license. Among them is the name of the late brilliant Henry W. Miller. From the advertising columns we learn that Williams & Haywood were the leading druggists of the place and that Turner & Hughes were the leading stationers and booksellers. We also get the astonishing piece of information that "D. Walker's four horse Post Chaises would take passengers at a terrific speed from Greensboro to Wythe county, Va., a distance of 120 miles, from Monday morning to Friday evening at the remarkably low price of $8.00." We also notice several advertisements offering rewards of $25 for runaway negroes. The paper, as a whole, is quite a curiosity to us and we have read it entirely through. What was the condition of Clinton at this time?

52 copies of THE CAUCASIAN for $1.50. This is less than 12 cents a month. Just think of it, a dozen eggs a month will pay for it.

GOSHEN ACADEMY.

(Editorial Correspondence.)

HORTON, N. C., March 8, '89.

It was our good fortune tonight to be able to attend the closing exercises of Goshen High School. This institution is comparatively a new candidate for public patronage, being the last, eleventh High School started in the county. Of this fact we should be peculiarly proud, for no adjoining county can boast of an equal number of such institutions for equipping the rising generation for the battle of life. Mr. A. M. Barbrey is the faithful, energetic and hard-working Principal of this school, assisted by Mr. Prince, who is a professional teacher of Penmanship. The closing exercises evinced the fact that much good, honest work had been done and was alike creditable to teachers and pupils. Mr. I. Royal, County Superintendent of Public Instruction, was present, and in response to a call from the Principal and audience, made a very appropriate and entertaining talk. The exercises closed with a talk from this writer, who had been invited to deliver an address on this occasion.

We know of no place where there is more and better material for a permanent High School than in this community. The citizens are all well-to-do and better able to educate their children than the majority of the citizens of the county, and there are enough children to support several High Schools. The academy building at this place is a large two story structure, and what is now needed is a permanent ten months' school in it to put the Goshen section proudly in the lead. Our trip here has been a very pleasant one for there are no cleverer people anywhere. M. B.

SOME THOUGHTS ABOUT NEWSPAPERS.

(Special Cor. Caucasian.)

Perhaps THE CAUCASIAN would like to hear from an old friend who has kept silent for some time, but who is anxious for the prosperity of the paper.

We will speak this time of the influence of the newspaper in the home circle. First, we will take up the children. Few persons ever fully consider how much the newspaper does for the younger members of the household. Children who are fond of reading gather much that is of real importance to them from this source. They learn much of the different branches of industry carried on in their State, and especially in their own locality. Besides this they learn something of how the world is moving generally; they get ideas of the great political and financial movements of the times. They see questions of interest to the people discussed and presented in various phases. They also learn something of the literary tastes of the people through the channel, for nearly every paper devotes some space to this class of reading matter. Much good and refining thought that never would reach the world in any other way finds place in the literary columns of the newspapers and stands there to stamp its impression on the minds of the people.

To youthful ideas the preacher the doctor, the school teacher and the editor of the family newspaper hold peculiarly exalted places on account of their goodness, skill and wisdom, and and each of these is an important factor of the future man and woman.

To older persons the newspaper is indispensable. They must see how the market stands, for they have to buy and sell; they must know something of the political movements of the day, for they are interested in the the general welfare of the people; they must know something of the financial condition of the times, for that effects all useful industries. They enjoy the little scraps of news that come from different parts of the country, for each of these teaches more or less important lessons. They must read the marriages and deaths, for it may be they may have occasion to rejoice with a friend or shed a tear for some departed one who was dear in days gone by.

When our friends scatter and leave their old homes for new one in strange lands, we can send them nothing that will so much revive the pleasant memories of the past as the old family paper. They regard these messengers with the tenderness and reverence which they bestow on letters from the old home. Not long since the writer had occasion to send a copy of a home paper to an absent friend, that attention might be given to a certain article in it. The next letter which came contained these words: "I read all that paper, even the little love story, because it come from home."

With regard to the crimes and failures noticed in the newspapers much might be said, but we will sum it up in the words of a wise man: "The follies, vices and consequent miseries of multitudes displayed in a newspaper are so many beacons, continually burning to warn others from the rocks on which they have been shipwrecked."

PROSPECTUS

—OF—

THE CAUCASIAN,

A WEEKLY

DEMOCRATIC NEWSPAPER,

PUBLISHED AT

CLINTON, N. C.

MARION BUTLER, Editor and Proprietor.

ITS MOTTO

PURE DEMOCRACY AND WHITE SUPREMACY.

PURE DEMOCRACY.

THE CAUCASIAN is a Cleveland Democrat—believes in first reducing the Tariff to a revenue basis and then dealing with the Internal Revenue. It believes in cheap bread, cheap clothes and cheap tools, which will leave us enough clear profit to educate our children without being enervated with Federal bounties, which we believe to be simply a Radical trick for keeping up a high protective tariff.

We believe in the prosperity of forty-nine millions even if it should work to the detriment of one million.

WHITE SUPREMACY.

We are forever in favor of the present system of County Government as long as there is a single county that is saved by it from African and Scallawag rule. We will forever preach that this is a *CAUCASIAN GOVERNMENT, founded by the courage, framed by the wisdom and won by the Patriotism of white men, for the benefit of all citizens alike.* Therefore it is of right, ought to be and must be MANAGED BY WHITE MEN ONLY.

THE CAUCASIAN

For the last six months has spent money freely for various improvements, with the fixed determination to become the best local paper in North Carolina, and no further effort within our power will be spared till we are convinced by the grateful support of 2,000 subscribers that we have reached and passed that goal.

THE CAUCASAN

will contain the most important FOREIGN NEWS, a brief statement of important NATIONAL NEWS, a fuller account of STATE NEWS, and a detailed statement of COUNTY NEWS.

Clinton and Wilmington markets carefully reported each week.

PRICE OF SUBSCRIPTION:

THE CAUCASIAN.

One year, (52 copies)	$1.50
Six months, (26 copies)	.75
Four months, (17 copies,)	.50

We insist upon your subscription when your name is entered on the list, for it enables us to give you a better paper.

RATES OF ADVERTISING:

THE CAUCASIAN has now between 1200 to 1300 bona fide subscribers, besides we are constantly sending out large numbers of sample copies.

We have agents in the field and our subscription list is daily increasing. We have now, we think, a larger subscription list than all the other papers that come to this county combined. Therefore no advertising medium can be found to compare with it.

Notwithstanding these facts, we will for the next twelve months give cheaper rates than any other paper with equal circulation in Eastern Carolina.

☞ Send in a statement of the progress and improvements in your township immediately! We intended to write up the county this week, but have heard from only four townships. It seems to us that every live man in the county would be interested in having his section properly represented. But we can't publish facts unless you forward them to us. Send in for next issue.

LOCALS.

—Walter S. Merritt will receive subscriptions for THE CAUCASIAN at Taylor's Bridge.

—Mr. W. D. McMillan, Jr., assis. tant postmaster at Magnolia, will receive subscriptions to THE CAUCASIAN at that office.

—We are sorry to learn that R. C. Broadhurst, Clerk of the Superior Court of Duplin county, was stricken with paralysis last Friday while in his office.

—Our Raleigh Letter came last night too late for publication. We are sorry not to be able to give it to our readers as it is one of Mr. Nicholson's best.

—Mr. D. B. Nicholson, the popular Reading Clerk of the Senate, spent yesterday in Durham visiting his sister, Mrs. Dr. Roberts. He worshipped with the congregation at Trinity Church.—Durham Plant.

—All the information necessary has now been received to convince us that a Canning Factory will be a success here. So come up and subscribe your stock so that we can hold a meeting of stockholders, organize and get to work.

—The General Assembly adjourned Monday. We give a partial review of the work done in another column. Senator Kerr and Representatives Murphy and Stevens are at home, while Senate Clerk Nicholson has gone on an excursion to Asheville.

—Mr. George Haar, piano and organ tuner and repairer, of Wilmington, N. C., is in Clinton and will remain 8 or 10 days, during which time he will be pleased to attend to any calls in his line of business. Orders can be left at THE CAUCASIAN office or the Murphy House.

—We are pleased to note that the legislature honored Rep. W. E. Stevens by electing him a member of the State Board of Agriculture. Mr. Stevens takes the place of Maj. Grant of Goldsboro, a republican. There is only one member of the Board from each Congressional District.

—Rev. Mr. Meeks, of Lumberton, preached in the Bsptist church in this place Tuesday night. His subject was spiritual growth, and he handled it in an able and interesting manner. Mr. Meeks will occupy the pulpit at the same church next Sabbath at 11 o'clock A. M. and at 7:30 P. M.

—A man may have the right to stint himself of comforts and even necessaries if he prefers to employ in other directions the money thus saved, but he has no right to deny his wife and children the pleasure, improvement and information to be acquired from a live family newspaper like THE CAUCASIAN. The constant reading of a good newspaper will give one a pretty good liberal education.

—We cannot publish lengthy articles from township correspondents that contain no news. If we thought the public would like to read, or would be interested in such articles, then we would publish them. It is our business to get up a sound, readable bright and newsy paper, which is no easy job, so you must not be displeased with us when we condemn such articles. When writing be sure to sign your name and send in early.

—We wish to return thanks for the many compliments which we have received, personally and through letters, in regard to last week's CAUCASIAN. All are pleased with the paper's improved appearance, and many went on further to say that it was now one of the best weeklies in North Carolina. This is high praise, but still we think we can modestly admit that last week's CAUCASIAN compares favorably, both in matter and appearance, with any exchange that comes to our office.

—We neglected to state last week that at the regular meeting of the Sampson Light Infantry on the first Friday in this month measures were taken for new uniforms for the company and the order immediately forwarded. The company is growing in number and Capt. Faison hopes to go to the Encampment with full ranks and a well organized and equipped company. Those who intend joining should do so immediately and get in readness for the encampment and a good time by the seaside.

—Everytime we go to the depot we are struck with the large quantity of pieces of machinery being sent for repair and repaired pieces being returned. Clinton greatly needs a meachine shop and must have it.

—Clinton needs a first class car. After the cars is full of raft hands mostly negros druk. At such times it is very offenses to ladies. Will the W. and W. Company not grant us this from which is really a necessity.

—The Sampson Trucker's Association met Monday night. April the 4th and 5th, [Thursday and Friday,] was fixed as the time of meeting for the State Trucker's Association at this place. Messrs. W. L. Faison, J. S. Bizzell, J. A. Ferrell, F. R. Cooper and Marion Butler were appointed a committee to draft a program of work for the State meeting. Messrs. W. B. Stewart, D. A. Culbreth, H. B. Giddens, C. Partrick and W. S. Thomson were appointed a committee to look after the accommodation of visiting delegates. The committee to further investigate the canning factory question reported favorably and the same committee continued to solicit subscriptions of stock for the enterprise.

"One of the Handsomest Weekly Papers in the State."

Our esteemed cotemporary, the Wilmington Messenger, pays THE CAUCASIAN the following highly appreciated compliment:

The Clinton CAUCASIAN makes its appearance this week greatly improved. The old dress is renovated and partially made new, and the paper is printed on a bran new power press. The arrangement of the matter is also improved upon, and THE CAUCASIAN is now one of the handsomest weekly papers in the state. And as a country paper, we have observed that it is the fullest, and about the best of all our exchanges, if we may say as much without being invidious. We have noticed that THE CAUCASIAN pays more attention to local matters in the county, by townships, than any of its contemporaries, and we should judge the people of Sampson appreciated the service it is rendering them. They should learn to do so, if they have not already, for the value to a county of such a paper as THE CAUCASIAN can not be overestimated, and it should enjoy a most liberal and paying home patronage. Such enterprise and industry as Mr. Butler is displaying in behalf of Clinton and Sampson is rare—too rare not to be noticed abroad and appreciated at home.

Personals.

Senator Kerr returned yesterday from Raleigh.

Mrs. W. G. Hubbard spent yesterday in Faison.

Mr. T. H. Holmes, of Goldsboro, was in town Tuesday.

Mr. E. D. Johnson left Tuesday on a visit to Kinston.

Mr. J. C. Sloeumb was home for a few days last week.

Mrs. M. A. Moseley, of Fayetteville, is visiting in town.

Representative Dr. W. B. Mur- spent Monday in town.

Miss Addie Bizzell is visiting relatives in Elizabethtown.

Mr. W. B. McKoy, of Wilmington wes in town Tuesday.

Mr. W, S. Holmes who was home last week for a short visit left Monday.

Mr. Owen Fennell, of Wilmington, was up Sunday visiting his father-in-law, J. B. Beaman. Esq.

We are glad to see our townsman, M. C. Richardson, Esq., who has been confined for some days with rheumatism, on the streets again.

Mrs. Rev. A. L. Phillips, who has been visiting in this place, left Tuesday for Birmingham, Alabama, where her husband's charge now is.

Miss Florence Faison, who has been visiting friends and relatives in Virginia, returned Monday night. We are sorry to learn that she is not very well.

Mrs. Sallie J. Butler has gone to Augusta, Ga., on a visit to her daughter, Mrs. Boney, who has been for some weeks with relatives in this county.

Col. E. D. Hall of Wilmington, was in town yesterday. His daughter Mrs. Arthie H. Holmes who has been visiting Mrs. T. H. Partrick, returned to her home with him yesterday afternoon.

Misses Julia Bowden, of Wilmington, and Helen Clanton, of Weldon, who have been visiting Miss Mamie Boykin, have returned, the former Saturday afternoon, the latter Monday afternoon.

A Pleasant Occasion.

On last Friday night, at the Murphy House, a most enjoyable party was given by Mrs. Murphy in honor of Misses Julia Bowden, of Wilmington, and Helen Clanton, of Weldon, who have been visiting Miss Mamie Boykin. By 8 o'clock the parlor was filled with fair young ladies and polite young men, and the scene presented was one of genuine pleasure. Various amusements were engaged in until supper was announced when everybody repaired to the dinning room. Here all were seated at a table beautifully decorated with fruits and flowers, and served to a supper fit for a king. The lover of the oyster was treated to such an oyster supper as only Mrs. Murphy can prepare. After supper the parlor was again a scene of enjoyment until near the hour of midnight, which seemed to arrive remarkably early on this occasion, when the different couples took departure and slowly wended their ways homeward. It was a most enjoyable affair and each participant will long remember it as such.

What Sampsonians are Doing and Saying.

☞ Send us the news from your township for this column. ☜

TURKEY.

Mr. Allen Barden and family have moved to Fayetteville.

MCDANIELS.

Mr. Raford Lockamy had a hen that went off the 10th of February and returned the 7th of March. He found her wedged in his fodder loft between two planks where she neither ate nor drank for 26 days. The writer knows this to be a fact. We hope the commissioners will not forget Melvin's Bridge as it is in a very bad condition.

Mr. J. E. Butler closed a school in district No. 48 last Friday. Mr. Butler is a good faithful worker and his pupils have made very satisfactory progress.

[Mr. Butler was a pupil of ours at Salem High School and always did good honest work.—Ed.]

NEWTON GROVE.

In Newton Grove township on the 6th of March, 1886, at the residence of Mr. R. T. Carr by L. C. King J. P. Mr. S. W. Hall and Miss Anna P. Strickland. May they live to enjoy long life, and all their paths be paths of peace. By the same at his residence on the 13th of January, 1889, Mr. Willie Harrell and Miss D. A. Thompson. Success attend them.

LISBON.

As no one wrote to the paper last week I will write you a few lines this week. I hear others bragging on big hogs, well Lisbon has no big hogs but Mr. Richard Parker killed last Thursday at one shot 21 black birds and wounded several more which he did not get. And the same day hauled nine hundred rails. Who can beat this. JACOB.

Miss Anna V. Herring who has been teaching at Eureka for some months closed a very successful school on last Friday.

The Ingold Alliance numbers 78 members and still they come. We enjoyed a very fine address from Mr. W. A. Hobbs at our last meeting. He is a good speaker and his heart is in the work.

SOUTH CLINTON.

The daughter of J. R. Beaman Jr., died of croup last Friday night. Age about 3 years.

HONEYCUTTS.

Miss Lonie Bristowe of Enfield is visiting her parents, Rev. and Mrs. J. E. Bristowe at the residence Mr. A. A. Lewis.

A gentleman from Little Coharie started to Raleigh a short while since to instruct the Assembly to lower the salary of teachers, but when he had gotten as far on his way as Goldsboro, he cast one longing, lingering look back towards home, and was suddenly overcome with the charms of rural life and the thoughts of his domestic cares when he decided to quit politics and end his days on a farm. Success to this patriotic farmer.

A young gentleman was some time since boasting to a crowd of boys that he had a lock of his girl's hair in his pocket. It appears that he had been shearing some cattle; and when pressed to show the highly prized lock of his girl's hair, much to his astonishment and surprise, he produced a small wisp of hair from a cow's tail.

"TWIST."

The music and drawing pupils of Salem High School are progressing rapidly under the instruction of Miss McIver. Everybody is well pleased with her. She is a refined and educated lady, with much successful experience as a teacher.

WESTBROOKS.

There was an "Inaugural ball" given in this township by Messrs. Clifton Ward and J. C. Williams. We have'nt ascertained whether they drew the color line or not. Mr. Williams says we will have plenty money in five months.

[This is the first rejoicing in the county we have heard of, and hope the above predictions will come true.—ED.]

TAYLOR'S BRIDGE.

Rev. D. B. Clayton of Georgia will preach at Red Hill church next Saturday and Sunday the 16th and 17th inst.

We are glad to hear that Mr. Claude Smith, the young man who has been ill so long, is gradually improving.

This writer has received quite a novel recipe for making butter and not oleomargarine either. The following is the recipe: Put the cream in a white cloth bag, and bury it in the ground to the depth of 17 inches and let it stay from 18 to 20 hours. Let it stay longer in cold than warm weather. Take it out and you have nice pretty butter.

DISMAL.

Editor CAUCASIAN: The news around Dismal P. O. is at a very low ebb, at this writing, though I could write a great many things, if I felt disposed to exagerate, but a thing blown into existence by a wind storm, dies out, with the whirl there of. I see from the Star, of March the 8, that it only took, our Senator (Kerr) one hour and a half to blow the life out of the railroad commission bill, in the Senate, now wind can do a great many things, but I think it blew in the wrong direction that time. Things out not to be blown into existence any way, the way for a thing to come into existence and live, is to come like the CAUCASIAN is coming into popularity; that is step by step—with a steady hand. See how clear and beautiful it looks, since printed on the new press. Now is the time to subscribe, send for it, all ye men of Dismal.

WILL THE AUTHORITIES HELP TO DESTROY THE HAWKS.

[For THE CAUCASIAN.]

Mingo, Sampson Co., N. C.
Feb. 26th. 1889.

There are about four thousand persons in Sampson county that raise chickens, and some of them lose from one hundred to two hundred during one year by the hawks.

We don't wish to be extravagant; let us make an average. Suppose each person loses twenty chickens, destroyed by the hawks, (which they do.) Sampson county would lose eighty thousand chickens, worth, at ten cents each, eight thousand dollars. North Carolina with ninety six counties at the same rate would lose seven hundred and sixty eight thousand dollars worth of chickens destroyed in one year by the hawks. Then, fourteen of the Southern States which would average about equal with North Carolina (I know nothing about the facilities of raising chickens and their destruction by hawks in the other States,) would make an aggregate loss of eleven million seven hundred and fifty two thousand dollars worth of chickens in one year at 10 cts. per head. Say nothing of the loss in geese, ducks, turkeys and other birds, all destroyed by the hawks, and this in only fourteen States. Is there a remedy? There is; let Congress make an appropriation as they did in case of the english Sparrows, and in quite a short time the most of, if not this vast amount will be saved; let Congress or the legislature or both make an appropriation of fifty cents, or, if it be one dollar it will better enable the huntsman to prepare himself and take up his time in hunting them. I have paid fifty cents a piece, and expect to pay one dollar this spring to kill them around my place. There is no remedy except a general one, because as fast as I can have them killed around my place they come in from another. You may think it nonsense that a man can make anything even at the proposed price. But there are men in Sampson county who can go into the woods and charm or call up and kill 3 or 4 hawks in a few minutes at one place. I know one man who has killed about seventy five during the last year.

I hope all who are interested in chickens will push this movement forward until the great enemy of chickens is destroyed. J. A. L.

MY SCHOOL DAYS AT SALEM.

BY E. M. H.

[For THE CAUCASIAN.]

My past happy days at Salem,
Sometimes I stop to view,
And bring back the joys and happy stay,
Where the girls and boys were true.

Now could I see these friends,
That I used to think so dear;
While life its pleasures lends,
Oh! nothing more could cheer.

Often I think of the ringing bell,
That called us all together,
And the sycamore tree that stood by the well,
Under which we used to gather.

The girls and boys were a hundred or more,
The teachers, five were all,
At nine o'clock we met at morn,
Where we work till half past four.

I also think of the old Phi. Hall,
Where the boys held debate,
But which could beat in this display,
It was always hard to state.

The girls beloved and unselfish,
Some are modest and sweet,
Some dwell there still,
And them we sometimes meet.

Some have gone to College,
Others have left to roam,
But some are still at Salem,
Near their respective homes.

When I think of all my teachers dear,
Sometimes the tear drops start,
Their wisdom, truth and purity,
Are graven on my heart.

But God has blest us thus far,
To stroll this sinful world,
Now soon he'll call and lift us up,
From earth to Heaven above.

M. A. S. L. M. has for 47 years cured INDIGESTION, BILIOUSNESS, DYSPEPSIA, SICK HEADACHE, LOST APPETITE, SOUR STOMACH, ETC.
Rev. T. B. Reams, Pastor M. E. Church, Adams, Tenn., writes: "I think I should have been dead but for your Genuine M. A. Simmons Liver Medicine. I have sometimes had to substitute "Zeilin's stuff" for your Medicine, but it don't answer the purpose."
Dr. J. R. Graves, Editor The Baptist, Memphis, Tenn. says: I received a package of your Liver Medicine, and have used half of it. It works like a charm. I want no better Liver Regulator and certainly no more of Zeilin's mixture.
VERDICT OF COURTS AND PEOPLE

THE CAUCASIAN.

CLINTON, N. C.,—MAR. 14, 1889.

BETWEEN THE SEASONS.

Business men are now in the midst of the dullness of the "between seasons." For 1888, books were balanced, accounts settled stock inventories taken, &c., and most careful merchants, no doubt, calculated their profits and losses.

The merchant who properly advertised his goods and wares during the year found his balance on the right side, while the dealer who did business after the manner of his ancestors, was lucky if he made both ends meet.

Some merchants take advantage of their opportunities; others seem satisfied to merely exist.

It has been well said, the lesson of the hour is never to be learned by some men. They live, and pass away, and do not make a ripple in the stream of life; but others who observe the ebbing and flowing of the tide of fortune bring their barks safely to port, ladened with the reward of tact and skill.

During the "busy season" the names of many of the more prosperous merchants and tradesmen in this city are to be found in the advertising column of the Citizen; but the merchants and tradesmen who advertise all the year round are the men who are most apt to find work to do all the year round.

Steady and [illegible] advertising unquestionably pays. Such is the experience of successful merchants.—Asheville Citizen.

BAD HEALTH.

Last summer I was in bad health—feeble, with little or no appetite, unable to attend to my business. I began taking S. S. S.—took nothing else—and in a short time my appetite returned; gained strength; increased nineteen pounds in weight in less than a month, and my health was restored. J. M. MABRY.
Abbeville, S. C., Oct. 25, '88.

Deaf.

I was the victim of the worst Catarrh that I ever heard of. I was entirely deaf in one ear, and all the inside of my nose, including part of the bone, sloughed off. No treatment benefitted me, and physicians said I would never be any better. I took S. S. S. as a last resort, and it has entirely cured me. I have been well four years, and no sign of return of the dreadful disease.
MRS. JOSEPHINE POLHILL.
Due West, S. C., Oct., 1888.

Swift's Specific cured me of a malignant breaking out on my leg, which caused intolerable pain. It was called Eczema by the doctors—four of whom treated me with no relief. I candidly confess that I owe my present good health to S. S. S., which in my estimation is invaluable as a blood remedy.
MISS JULIA DEWITT,

Swift's Specific is entirely a vegetable medicine, and is the only medicine which has ever cured Blood Poison, Scrofula, Blood Humors and kindred diseases. Send for our books on Blood and Skin Diseases, mailed free.

A True Tonic.

When you don't feel well and hardly know what ails you, give B. B. B. (Botanic Blood Balm) a trial. It is a fine tonic.

T. O. Callahan, Charlotte, N. C., writes: "B. B. B. is a fine tonic, and has done me great good."

L. W. Thompson, Damascus, Ga., writes: "I believe B. B. B. is the best blood purifier made. It has greatly improved my general health.'

An old gentleman writes: "B. B. gives me new life and new strength. If there is anything that will make an old man young it is B. B. B."

P. A. Shepherd, Norfolk, Va., August 10th, 1888, writes: "I depend on B. B. B. for the preservation of my health. I have had it in my family now nearly two years, and in all that time have not had to have a doctor."

Thos. Paulk, Alapana, Ga., writes: "I suffered terribly from dyspepsia. The use of B. B. B. has made me feel like a new man. I would not take a thousand dollars for the good it has done me."

W. M. Bheshire, Atlanta, Georgia, writes: "I had a long spell of Typhoid Fever, which at last seemed to settle in my right leg, which swelled up enormously. An uncer also appeared which discharged a cup ful of matter a day. I then gave B. B. B. a trial and it cured me."

The Best Spring Medicine.

Spring medicine means more now-a-days than it did ten years ago. The winter of 1888-9 has left the nerves all frayed out. The nerves must be strengthened, the blood purified, liver and bowels regulated. Paine's Celery Compound—the Spring medicine of to-day—does all this, as nothing else can. Prescribed by Physicians, Recommended by Druggists, Endorsed by Ministers, Guaranteed by the Manufacturers to be

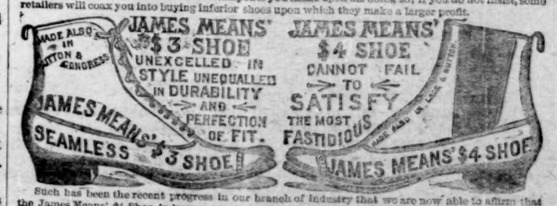
JAMES MEANS' $3 & $4 SHOES

"Competition is the Life of Trade," and if you have not seen our latest Improved goods you cannot imagine how lively trade is, or how hard our competitors have to work to keep within sight of us. Ask your retailer for the James Means' $3 Shoe, or the James Means' $4 Shoe according to your needs.

Positively none genuine unless having our name and price stamped plainly on the soles. Your retailer will supply you with shoes so stamped if you insist upon his doing so; if you do not insist, some retailers will coax you into buying inferior shoes upon which they make a larger profit.



MADE ALSO IN BUTTON & CONGRESS
JAMES MEANS' $3 SHOE
UNEXCELLED IN STYLE UNEQUALLED IN DURABILITY AND PERFECTION OF FIT.
JAMES MEANS' $4 SHOE
CANNOT FAIL TO SATISFY THE MOST FASTIDIOUS
SEAMLESS $3 SHOE
JAMES MEANS' $4 SHOE

Such has been the recent progress in our branch of industry that we are now able to affirm that the James Means' $4 Shoe is in every respect equal to the shoes which only a few years ago were retailed at eight or ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Ours are the original $3 and $4 Shoes, and those who imitate our system of business are unable to compete with us in quality of factory products. In our lines we are the largest manufacturers in the United States.

Shoes from our celebrated factory are sold by wide-awake retailers in all parts of the country. We will place them easily within your reach in any State or Territory if you will invest one cent in a postal card and write to us.
